SUMMARY

Detail-oriented and creative Web Developer with hands-on experience in designing, developing, and maintaining responsive websites and web applications. Proficient in front-end technologies including HTML, CSS, JavaScript, and React.js, as well as back-end development using Nodejs and Laravel. Skilled in building dynamic user interfaces, optimizing performance, and delivering clean, scalable code. Adept at collaborating with cross-functional teams to deliver high-quality digital solutions aligned with business goals.

WORK EXPERIENCE

Front-End Developer, Mega X Solutions   **Jan 2025 - May 2025**

- Developed and maintained responsive web applications using React.js, ensuring optimal performance and seamless user experience across devices and browsers.
- Collaborated with UI/UX designers to translate wireframes and mockups into high-quality, reusable components using modern front-end best practices.
- Integrated RESTful APIs and handled state management with tools like Redux and Context API to build dynamic, data-driven interfaces.

Freelance Full Stack Web Developer   **June 2024 - Dec 2024**

- Built and deployed full-stack web applications using Laravel (Blade) for server-side rendering and Supabase for real-time database and authentication services.
- Designed RESTful APIs and implemented efficient backend logic to support scalable and secure web platforms for diverse client needs.
- Handled end-to-end project delivery, including client communication, requirement gathering, development, deployment, and post-launch support.

EDUCATION

Bachelor of Science in Information Technology   **June 2019 - May 2025**
Eastern Visayas State University - Ormoc Campus 2025

- Relevant Coursework: Web Developer, Front-End Developer, Object Oriented Programming
- Capstone: E-Resort: Enhancing Reservation Efficiency and Service Operations.
- Certifications: Full Stack Developer - Udemy (2024), Basic and Advance React - Scrimba (2025)

SKILLS
